

Heaton Manor is a co-educational 11-18 Foundation Trust School, occupying a pleasant site in a residential area in the East of Newcastle. The school is one of the largest in the North of England and draws upon a very wide catchment area. It is a member of the Ouseburn Learning Trust, which comprises of Benton Park Primary School, Chillingham Road Primary School, Craggside Primary School, Hotspur Primary School, Ravenswood Primary School, West Jesmond Primary School and Chris Church CE Primary School (associate member). Heaton Manor is a diverse and inclusive community, which reflects modern society.

Since being placed in special measures in December 2016, the school has made good progress, firstly under the interim leadership of senior staff from St Mary's Catholic Comprehensive School, and, since September 2017, under school-to-school support leadership arrangements from Gosforth Academy. Heaton Manor School is currently working closely with Gosforth Academy with a view to it becoming part of their Multi Academy Trust in the near future. The experience of working or studying at Heaton Manor is now a very positive one and it certainly does not have the feel of a school in special measures. We are more than happy to accommodate any prospective candidates who would like to look round the school in advance of submitting an application and are confident that you will be impressed by what you see.

There are over 1770 students in the school, over 300 aged 16-19. Our Sixth Form students benefit from a wide range of A Level, Vocational 'A' Level and BTEC courses. The vast majority of Year 11 students choose to continue their learning with us into the Sixth Form.

The school is the host for a Hearing Impaired Additionally Resourced Centre (HIARC). Students from the Centre are integrated into the mainstream curriculum.

The Senior Leadership Team is currently comprised of three Deputy Headteachers, six Assistant Headteachers, an associate team member and the School Business Manager.

The school has 106 FTE teachers and 10 HIARC staff, together with approximately 70 support staff providing clerical, technical and Learning Resource Centre support.

The academic work of the school is organised within the following Faculty areas: Mathematics, Science, ICT, English, Performing Arts, Music, Drama, Modern Foreign Languages, Humanities, Design and Technology and Physical Education. Most of the learning is arranged in a mixture of setting and mixed ability and in 'pathways' in the older year ranges.

The social organisation of students is through Year Teams at Key Stage 3 and Key Stage 4. Directors of Key Stage lead Year Managers. Sixth Form learning is led by a Director of Sixth Form.

There is a strong tradition in music, drama and sport and a wide range of extra-curricular activities, foreign visits and exchanges. It is our expectation that staff support this as part of our ethos.
